

# Select Payment Method

The image shows a screenshot of the PayPal login interface. At the top is the PayPal logo. Below it is the text "Log in to PayPal". There are two input fields: "Email address" and "Password". Below the password field is a checkbox labeled "Stay logged in for faster purchases" with a help icon. A blue "Log In" button is positioned below the checkbox. Underneath the button is the text "Having trouble logging in?". Below that is a horizontal line with "or" in the center. At the bottom is a grey button labeled "Pay by Debit or Credit Card". Red boxes highlight the "Email address" field, the "Log In" button, and the "Pay by Debit or Credit Card" button. Red lines connect these boxes to external text annotations.

Select this button to pay with a PayPal account - be sure to enter the email associated with that PayPal account
